ENGINEERING NEWS-RECORD

A WEEKLY JOURNAL OF CIVIL ENGINEERING AND CONSTRUCTION

Volume 155

★

JULY-DEC. 1955

McGRAW-HILL PUBLISHING CO., INC.
330 WEST 42d ST., NEW YORK 36, N. Y.

A

Aberthaw Company—Purchased by Cabot, Cabot & Forbes .....July 21 28
Accidents—Tunnel section hit by freighter at Hampton Roads .....Aug. 4 *24
Acoustics—Glass-walled arena in Raleigh, N. C. poses a problem in acoustics Aug. 4 26

Aeronautics

Airports
African airbases—a job well done. Pt. 2. V. B. Smith (map)..Aug 11 (F) *34
Aid for airports.....Sept. 1 e124
Airport aid funds due for big boost July 28 21
Brookley, Alabama Airbase runway (table) (unit prices).....Aug. 11 154
Canadian agencies agree to expand Malton, and Toronto Island airports July 21 28
Cecil Field Naval Air Station, Fla., slated for expansion program Sept. 29 77
Dallas, Tex. Love Field Airport terminal buildings (unit prices) Sept. 29 212
Edwards Air Force Base, Cal. has huge concrete cantilever to take rocket's thrust.....Dec. 15 *25
Fort Smith airbase—court ruling on licensing .....July 14 24
Houston, Tex.—rigid taxiway on oyster shell base (unit prices) Sept. 29 178
Idlewild, N. Y.—structural steel for arrival building (unit prices) Sept. 29 212
International Airport, Oakland, Calif. $11.5-million expansion program—bid opening set.....Aug. 25 29
Larson Air Force Base—pre-flight facilities for Boeing Airplane Co. (unit prices) .....Sept. 29 176
Lincoln Air Force Base theater and post exchanges (table) (unit prices) July 14 96
Little Rock airbase—court ruling on licensing .....July 14 24
Minneapolis-St. Paul International airport parking apron and drainage (unit prices).....Sept. 29 176
Minot Air Force Base, N. D.—jet airfield paving and fuel storage (unit prices) .....Sept. 29 172
Port of Portland, Ore. will call for bids for air terminal.....Aug. 18 32
Portland Airport, Maine—runway and lighting (unit prices).....Sept. 29 170
Seattle-Tacoma Airport runway extension (unit prices).....Sept. 29 178
States and cities received first installment on an expanded federal-aid airport program.....Aug. 18 21
U. S. Navy builds an airbase on a swamp—construction of Alvin Callender Field, La.....July 21 *26
Willow Run Airport, Mich. resurfaced with bituminous material...Nov. 17 *63

Hangars
Big hangars and prestressed taxiway for Paris' Orly Airfield. W. G. Bowman .....Oct. 27 (F) *34
Fleet of 54 dollies moves 1400-ton hangars two miles as part of Edwards Air Force Base modernization .....Dec. 29 (F) *61
Newark, N. J. hangar will be tilted on edge to hold bigger planes Dec. 22 15

Heliports
N.Y.C. aviation expert supports plan for elevated heliport.....Oct. 20 46
What governs heliport design? (tables) .....Sept. 22 (F) *22

Radar platforms
Navy asks bids on new "Texas towers" .....Sept. 22 21
Prefabricated island "Texas Tower" rises out of sea off New England Coast. E. E. Halmos Jr.Aug. 11 (F) *25

Spain
Spanish base and its builders.Oct. 20 *24

U. S. Air Force Academy
Controversy over design forces "new look".....July 21 21
Design controversy—it must have been the heat.....July 21 e188
Gaining favor in Congress as controversy subsides .....July 28 22

Air Conditioning

Calcutta, India, calcium carbide plant design provides natural air conditioning .....Dec. 15 59
Radnor, Pa. new drug research building features air conditioning system July 28 *25
Research Center to feature new type air-conditioning.....Oct. 6 38

Air Pollution

Congress approves funds to aid air research .....Aug. 11 23
Incinerator meets strict tests in L.A. Sept. 22 (F) *24 Correction Oct. 6 10
Los Angeles smog toughest problem yet tackled .....Oct. 20 (F) *33
Air Pollution see also Smoke Abatement

Aluminum

Harvey Machine Co. to start aluminum ingot plant.....Sept. 22 21
High-strength alloy is developed for hot driving.....Nov. 24 96
Honolulu Bulk Sugar Plant—new aluminum enclosed storage plant—building or machine?.....Dec. 22 (F) *32
Industry charts big expansion as new uses for metal multiply, with construction applications in forefront Aug. 18 (F) *22
Jig-set purlins and blind fasteners speed aluminum deck installations.Dec. 22 *39
World's first permanent underwater oil pipeline of aluminum submerged in Lake Maracaibo, Venezuela by Creole Petroleum to fight Teredo....Dec. 1 *45

American Association of State Highway Officials—Whitton, Rex. M.—new president .....Dec. 29 *22
American Municipal Assn.—32nd annual meeting discusses highways, housing Dec. 8 23
American Public Works Assn.—Will sponsor research on critical municipal problems .....Oct. 13 24
American Road Builders Assn.—ARBA, not AGC seeking exemption from renegotiation of federal construction contracts awarded under competitive bidding. A. E. Page.....Aug. 11 12
American Society for Testing Materials—Chalks up progress in specifications July 7 26
American Society of Civil Engineers—Annual convention discusses manpower and ethics .....Nov. 3 (F) *21
Certification of specialists.....Aug. 4 e104
The engineering wonders of the U. S. Oct. 20 e180
Names four honorary members.Oct. 27 *26
Needles, Enoch R.—to head ASCE Oct. 20 *85
Picks seven engineering wonders.Oct. 20 25
Aqueducts—Weber and Davis Aqueducts in Utah ready in 1957 (map).Dec. 8 (F) *45

Arches

Concrete barrel arches for hangars—costs (chart) .....Sept. 29 214
Jacks close Japan's longest steel arch span .....Nov. 3 *53
Precast concrete arches cut costs for school plant north of Seattle, Wash. Aug. 18 *25
Purlins are connected to arch ribs of steel-frame hangars at African airbases. V. B. Smith (map) Pt. 2 Aug. 11 (F) *34
Support for outdoor theatre screen at Decatur, Ala. .....Oct. 20 *26

Architects

Architect-engineer new business in 1954 by type of work and compared with 1953 (tables) .....Nov. 3 90
Architect new business in 1954, by type of work and compared with 1953 (tables) .....Nov. 24 *144
Better architects, better building Sept. 22 e64
Better architects, better building—
Better architects. L. F. Caproni.Oct. 6 6
Stanley James Goldstein....Nov. 3 11
Training good draftsmen. J. L. DeLee Nov. 17 12
Designer picked by lot for AGC building in L.A.....Oct. 27 32
House Office Building Commission names designers for new office building .....July 28 23
House Office Building Commission names designers for new office building—name omitted. Albert Homer Swanke .....Aug. 25 14
Associated General Contractors—Officials meeting in Minneapolis hear construction forecast .....Oct. 6 *21

Atomic Energy

A-plants will bring new problems July 21 165
Atomic power plants—costs a long way from competitive.....Sept. 29 (F) 243
Canada reveals atomic generator plan Aug. 18 (F) *59
Challenge of atomic construction Dec. 22 (F) 13
Cost of electrical power from nuclear energy comes down.....Nov. 3 31
Fort Belvoir, Va. nuclear "package" power plant nears construction stage July 14 *26
Nuclear power plant being constructed near Pittsburgh, Pa. .....Sept. 15 *23
Plumbers play leading role in study of atomic energy .....Aug. 25 80
Special reactor for new Medical Center of Univ. of Calif. at L. A.....July 21 *169
Sweden plans construction of two atomic power plants.....Dec. 8 74

Atomic Energy Commission

AEC approves plants at Chicago and Detroit, rejects two other applications .....Aug. 18 96
Div. of Civilian Application to implement civilian participation in the development and utilization of atomic energy .....Aug. 18 38
New home for the AEC will go up near Germantown, Maryland.....Dec. 22 *20
Paducah, Ky. plant completed July 14. 25
Will accept proposals for small private plants .....Sept. 29 372
Awards—Moles Award to two top construction men .....Nov. 3 *27
Father Coogan Labor-Management Award presented to two L.A. firms Oct. 20 *165

B

Banks, Harvey O.—Named temporarily to the post of California State Engineer .....Nov. 24 *101
Barges—Pre-fab barges are easy to transport .....Nov. 10 *47
Barrages—Indus harnessed by Ghulam Moham d barrage in Pakistan Aug. 11 (F) *84

Beams

Pretensioned reinforced concrete I-beams, world's largest factory-produced, for roller rink-bowling alley Aug. 18 *28
Too much load for strands. Ernest Nussbaum .....Sept. 15 14
Prestressed beams for low-cost concrete warehouse of Boeing Airplane at Seattle .....July 21 (F) *33
Shrinkage control for massive beams Dec. 1 (F) *41
Test uses compressed air as load.Nov. 3 *88

Berkey, Charles—Engineering geologist is dead at 88.....Sept. 1 27
Bingham, Sidney H.—Resigns as head of New York Transit .....Sept. 15 *47
Black, C. W.—Named president of Arundel Corp. .....Oct. 20 *97
Blasting—Coyote blasting technique is used on Bhakra Dam under supervision of U. S. engineers.....Dec. 8 *73
Millisecond-stage blasting for minimum fragmentation and maximum rock production on Kentucky Turnpike (map & table).....Dec. 15 (F) *34

Bonds

Bond market change gives toll roads better chance. J. P. Chamberlain Oct. 20 157
Federal Reserve's boost in discount rates hits municipal bond market Dec. 1 79
Highways lose, schools gain in bond elections .....Nov. 17 21
N. J. legislature approves $100-million bond issue for reservoirs.....Oct. 6 22
Rising cost of money blocks bond issue to finance construction.....Aug. 25 77
San Francisco plans fall bond election for two hydro projects.....Aug. 11 53
Surety rates reduced 18% on most contract bonds .....July 28 84
Toll bond trouble for Florida and Texas Turnpike issues .....July 14 99

Book Reviews

Analysis of statically indeterminate structures. Parcel & Moorman July 21 120
The bomb, survival and you. Severud & Merrill .....Aug. 18 54
Concrete manual: a manual for the control of concrete construction Dec. 1 50
Design of prestressed concrete structures. T. Y. Lin.....Dec. 29 78
Elements of hydraulic enginering. Linsley Jr. & Franzini.....Nov. 10 58
Floods. Hoyt & Langbein.....July 14 64
Geology in Engineering. Schultz & Cleaves .....July 14 66
Guide to hospital building in Ontario. University of Toronto Press..July 14 69
Handbook of drainage and construction products. Ed. W. H. Spindler Sept. 1 70
Panama railroad 1855-1955. R. W. Hebard .....Sept. 1 68
Practical plant layout. Richard Muther July 21 118
Prestressed concrete. Gustave Magnel July 21 120
Professional engineering registration laws. A. L. McCauley.....Sept. 1 68
Technical supplement to The bomb, survival and you. Severud & Bernhard .....Aug. 18 54
Toward better school design. W. W. Caudill .....Aug. 18 56
Typical designs of timber structures July 21 118

Boughton, Van Tuyl—Retires from ENR Dec. 29 *73

* Illustrated; e, editorials; (F) Articles over a page

Bragdon, Maj. Gen. John S.—Long-range public-works planning.....Dec. 8 e172
Special assistant to the President in public works planning.....Nov. 17 *26

Bridge Accidents & Failures

Bascule bridge over the Ashley River at Charleston, S. C. topples into sea after being struck by tanker..Oct. 13 26
Canada—Fraser River rail and highway bridge at Mission, B. C.—span swept away by flood waters.....Aug. 18 *26

Bridge Construction

Amherstdale Bridge, W. Va.—I-beam girder spans (unit prices)...Sept. 29 182
Attachments for Army's bridge truck July 21 *115
Cable spinning starts on Walt Whitman Bridge between Philadelphia and Gloucester City, N. J.....Dec. 8 *25
Cantilever bridge across Carquinez Straits—an exercise in bidding Dec. 15 (F) *45
Cape Fear bridge at Wilmington, N. C. toll authority may be used to build bridge .....Aug. 18 28
Causeway crosses "uncrossable" Canso in Nova Scotia (map)...Aug. 25 (F) *42
Cleveland, Ohio—Central viaduct, largest structure on inner belt freeway (unit prices) .....Sept. 29 *185
Closure completed for cantilever span of Richmond San Rafael Bridge in S. F. .....Oct. 27 *25
Delaware River Port Authority proposes high-level structure for 3rd Philadelphia crossing .....Sept. 1 26
Delaware timber bridges (unit prices) July 21 161
Duluth, Minn.—Plate girder underpass of DM & IR Railway at Thompson Hill (unit prices).....Sept. 29 183
Fisher's Ford Bridge, W. Va.—I-beam girder spans (unit prices)....Sept. 29 182
Flat-slab bridge on a curve prestressed—highway bridge in Houston, Tex. July 28 (F) *40
Ft. Lauderdale, Fla.—Bascule bridge (unit prices) .....Sept. 29 185
Four-lane span to cross Union Canal near Buffalo-Lackawanna city lines Oct. 20 25
Galveston Island crossing contract assures Pelican Island construction development (map) .....Sept. 8 23
How bridge costs aid in design selection. C. D. Williams.....Dec. 1 (F) *36
I-beam bridge, N. C.—contract went on low bid (unit prices)....Oct. 20 154
Ice bridge to be built on Alaska supply road .....Dec. 8 56
India—longest submersible bridge under construction .....Sept. 29 286
Jacks close Japan's longest steel arch span .....Nov. 3 *53
James River Bridge, Va.—Refurbishing bridge (unit prices).....Sept. 29 182
Lake Washington Bridge at Seattle planned despite objections...Dec. 22 *20
Louisville urged to build four Ohio River bridges and downtown expressway as solution to traffic problems Sept. 8 24
Mackinac Straits Bridge first span towed to position.....Dec. 29 *25
Metalwork low on Delaware Bridge superstructure (table) (unit prices) July 14 96
Missouri—four bids on road construction and two bridges (unit prices) Oct. 13 76
N. Y. Central RR—changing bridges in midstream—double-lift bridge over Harlem River to replace 63-yr-old swing structure .....Dec. 22 (F) *24
N. Y. Central RR double-lift bridge—two power sources work together. C. P. Hamilton.....Dec. 22 27
New Orleans bridge across the Mississippi—fourth contract awarded Oct. 13 25
Pittsburgh's proposed Fort Pitt bridge rules out trolley tracks.....July 28 30
Prestressed bridge precast in U. S. then shipped to Alaska.....Nov. 10 (F) *42
Prestressed bridge precast in U. S. then shipped to Alaska—Credit to designers. A. M. James.....Dec. 8 12
Prestressed concrete bowstring arch bridge built on shore, floated into place, carries pipeline across British river' .....July 21 (F) *54
San Francisco Bay area toll bridge feasibility approved .....July 21 22
San Francisco Carquinez Straits Bridge—bids on four contracts (map) Oct. 13 23
San Francisco Carquinez Straits Bridge—court denies injunction on U. S. Steel contract .....Dec. 29 22
Second Gandy bridge across Tampa Bay, Fla. has prestressed stringers in concrete trestle.....Nov. 24 *29
Willamette River bridge in Portland, Ore.—bid date scheduled....Sept. 1 32

Bridge Design

Bascule bridge supported on two buoyant piers at Seattle.....Oct. 6 (F) *40
Columbia River bridge design details call for alternates on pier work Dec. 22 15
Houston, Tex. flat-slab bridge on a curve prestressed.....July 28 (F) *40
How bridge costs aid in design selection. C. D. Williams.....Dec. 1 (F) *36
Lightweight prestressed bridge precast in U. S. then shipped to Alaska Nov. 10 (F) *42
Lightweight prestressed bridge precast in U. S. then shipped to Alaska—Credit to designers. A. M. James Dec. 8 12
N. Y. Central RR building double-lift bridge over Harlem River to replace 63-yr-old swing structure. Dec. 22 (F) *24
N. Y. Central RR double-lift bridge—two power sources work together. C. P. Hamilton.....Dec. 22 27
New York State's first all-welded railroad bridge.....Dec. 8 (F) *51
Old bridges have advantages. G. D. Houtman .....Dec. 29 8
Prestressed concrete bowstring arch bridge, built on shore, floated into place, carries pipeline across British river .....July 21 (F) *54
Tappan Zee Bridge goes to work after long controversy.....Dec. 15 25

Bridge Renewals and Repairs

Golden Gate Bridge to get new scaffolds designed .....July 7 31
Ramp altered for viaduct for the San Francisco-Oakland Bay Bridge Dec. 15 (F) *51
Washed-out span replaced in 8 days at Panther Creek at Shohola, Pa. Sept. 29 *73

Bridges

Alaska
Ice bridge to be built over Yukon River on a winter supply road Dec. 8 56
Lightweight prestressed bridge on the Kenai River precast in U. S. Nov. 10 (F) *42
Lightweight prestressed bridge on the Kenai River precast in U. S.—Credit to designers. A. M. James Dec. 8 12
Buffalo gives green light for new high-level bridge across Union Canal Oct. 20 25
Canada
Bids to be called for B. C. span across Okanagan Lake....Dec. 8 32
Cape Breton Island bridge, Nova Scotia—causeway crosses "uncrossable" Canso (map)....Aug. 25 (F) *42
Edmonton, Alberta approves construction of two new bridges Sept. 29 79
Columbia River
Design details for second interstate bridge call for alternates on pier work .....Dec. 22 15
Delaware Memorial Bridge
Delaware and N. J. face the problem of giving the public a free bridge or keep toll to provide better approach roads .....Oct. 13 80
Revenue bonds to be used to pay for new access roads.....July 28 26
Florida
Toll bridge project to connect Stuart with Atlantic Ocean beaches of Hutchinson Island has won approval .....Sept. 1 26
Fort Pitt, Pa.
Trolley tracks ruled out for proposed bridge .....July 28 30
Galveston Island, Tex.
Contract for Galveston crossing assures Pelican Island development (map) .....Sept. 8 23
Georgia
Cost data for eight bridges, required as a result of Budford reservoir construction, shows how bridge costs aid in design selection. C. D. Williams .....Dec. 1 (F) *36
Great Britain
Unusual bowstring arch bridge, built on shore, floated into place, carries pipeline across Trent river July 21 (F) *54
India
Longest submersible bridge under construction at Madhya Bharat Sept. 29 286
Japan
Inoura Narrows Bridge—jacks close Japan's longest steel arch span Nov. 3 *53
Kansas City, Mo.
Paseo Bridge award-winning steel bridge .....Oct. 13 *28
Kentucky
Ohio River toll bridge — Kentucky and Indiana agree on plans. Oct. 13 25
Surveys for new $10-million toll bridge across Ohio River..Aug. 11 30
Mackinac Straits, Mich.
First span towed to position..Dec. 29 *25
High aerodynamic stability..Sept. 15 54
Underwater concreting of foundations record-breaking .....Aug. 11 *30
Michigan
Brighton-Farmington Expressway bridge bids .....Aug. 4 24
New York City
Changing bridges in midstream—N. Y. Central building double-lift bridge over Harlem River to replace 63-yr-old swing structure Dec. 22 (F) *24
New York State
First all-welded railroad bridge at Cherry Valley over U. S. Route 20. E. J. Ramer.....Dec. 8 (F) *51
Tappan Zee Bridge goes to work after long controversy.....Dec. 15 25
North Carolina
I-beam bridge over the Tar River went on low bid (unit prices) Oct. 20 154
Proposed Cape Fear Bridge at Wilmington .....Sept. 15 27
Surveys for two new bridges..Sept. 29 78
Old bridges have advantages. G. D. Houtman .....Dec. 29 8
Oregon
Columbia River bridge between Astoria and Point Ellice, Wash.—new financial studies.....Sept. 1 48
Pennsylvania
Metalwork low on Delaware Bridge superstructure (table) (unit prices) July 14 96
New Delaware span—Port Authority proposes high-level structure for 3rd Philadelphia crossing...Sept. 1 26
Panther Creek at Shohola, Pa. washed-out span replaced in 8 days .....Sept. 29 *73
Walt Whitman Bridge on the Delaware River across to Gloucester City, N. J.—cable spinning starts Dec. 8 *25
Portland, Ore.
Willamette River span bid date scheduled .....Sept. 1 32
San Francisco, Calif.
Alameda-Army St. crossing—study okays new bridge (map) Dec. 22 (F) *19
Bay area toll bridge feasibility approved .....July 21 22
Carquinez Bridge: an exercise in bidding .....Dec. 15 (F) *45
Carquinez Bridge—bids for major sections .....Dec. 8 27
Carquinez Straits Bridge—bids on four contracts to be asked (map) Oct. 13 23
Carquinez Straits Bridge will parallel existing bridge linking two arms of S. F. Bay.....Aug. 18 24
Carquinez contract—court denies injunction .....Dec. 29 22
Golden Gate Bridge to get new scaffolds designed .....July 7 31
Golden Gate Bridge—toll reduced Sept. 15 22
Richmond-San Rafael Bridge—closure completed for cantilever span .....Oct. 27 *25
San Francisco-Oakland Bay Bridge
Ramp altered for viaduct. Dec. 15 (F) *51
Seattle, Wash.
Duwamish River bridge supported on buoyant piers .....Oct. 6 (F) *40
Lake Washington bridge approach approved .....Sept. 8 26
Lake Washington Bridge planned despite objections.....Dec. 22 *20
Sweden-Denmark—investigations started .....Sept. 29 280
Tampa Bay, Fla.
Second Gandy bridge expected to open next year.....Nov. 24 *29
Wilmington, N. C.
Cape Fear bridge—toll authority may be used .....Aug. 18 28

Building Accidents and Failures

Canadian Pacific Railway Co. grain elevator—older collapse. W. L. Acker Jr. .....July 21 *12
Fargo, N. D. grain elevator collapse—no vertical bars in silos? Paul Rogers .....July 21 12
N. Y. Coliseum collapse—more laws to hamper construction .....July 21 e188
N. Y. Coliseum formwork collapses—Why blame the inspector? F. L. Pope .....Nov. 24 8
N. Y. Coliseum formwork failure findings .....July 14 *23
N. Y. Coliseum formwork failure findings—Law and building construction. Frank Memoli .....Aug. 11 12
N. Y. Socony Mobil building—pipe columns buckle .....Aug. 18 *24
Warehouse failures teach a lesson Nov. 17 e130
Wilkins Air Force Station, Shelby, Ohio—roof section of one-story warehouse collapses .....Aug. 25 23
Wilkins Air Force Station, Shelby, Ohio—roof section of one-story warehouse collapses—block beams did not fail. G. W. Vaught.....Sept. 29 42
Wilkins Air Force Station warehouse collapse—cause of cracking of rigid frame spurs ACI code change. Nov. 10 21

Wilkins Air Force Station warehouse collapse—frame failures. Louis Balog Dec. 1 10
Wilkins Air Force Station warehouse collapse—when are standard designs cheaper? ....Dec. 22 e68

Building Construction

Alcoa output will increase with expansion of Wenatchee, Wash. plant Sept. 8 41
Aluminum factory to be constructed at Torrance, Calif. ....Sept. 22 21
Better architects, better building Sept. 22 e64
Better architects, better buildings—Better architects. L. F. Caproni. Oct. 6-6. Stanley James Goldstein. Nov. 3 11
Better architects—better building—Training good draftsmen. J. L. De Lee ....Nov. 17 12
Better design of stacks. W. L. Zesiger Dec. 8 *10
Camden, N. J. Parkade Building—sheet-steel panels are both forms and reinforcing for concrete floors Sept. 29 *75
Circular structure at the Detroit Arsenal being completed for vehicle testing in hot winds....Aug. 11 *52
Cleveland skyscraper construction planned to start immediately Aug. 4 26
Concrete apartment house 39 stories high in Havana, Cuba. A. J. Fox Jr. July 28 (F) *34
Concrete skyscraper designed for hurricanes in Havana....Dec. 8 (F) *38
Concreting starts for atomic plant near Pittsburgh, Pa. ....Sept. 15 *23
Conference tackles problem of integrating electric power and other services in modern floor-ceiling systems Dec. 15 28
Construction of lease-purchase buildings for the federal government (map) ....Sept. 15 21
Costs
American Appraisal building cost index (table) ....Sept. 29 98
Boeckh index of building costs (tables) ....Sept. 29 99
Building cost indexes (table). Sept. 29 86
Cantilever floors cut cost of concrete hotel in Dallas, Tex. W. C. Wing Aug. 4 (F) *28
ENR construction and building cost indexes (chart) ....Sept. 29 83
ENR cost indexes in 21 cities 1948-1955 (charts & tables)....Sept. 29 88
Handy-Whitman index of public utility costs (table)....Sept. 29 103
Manufacturing plant cost index (charts) ....Sept. 29 104
Materials and wage costs are rising more slowly now than the prices building contractors charge (table) Aug. 11 160
Maximlite schools with 5-sided classrooms (table)....Sept. 29 (F) *234
New York State—school costs (chart) (unit prices) ....Oct. 13 76
Prefabricated houses — National Homes for bigger sales. J. P. Chamberlain ....Aug. 11 (F) *55
What does "cost-plus" cover? Aug. 18 e120
Where the building dollar goes (tables) ....Sept. 29 212
Cuba's National library has structural steel in its central section and reinforced concrete frame in lower wings Sept. 1 *54
Curtain walls of metal—comparative summary (table) ....Oct. 20 (F) *30
Des Plaines, Ill. research center to feature new type air-conditioning Oct. 6 38
Details pay off on roof for the new Mahoning School at Leighton, Pa. Dec. 15 (F) *55
Detroit's building trades big campaign for charity—a key to better labor relations ....Dec. 1 (F) *82
Expandable school built of circular lift-slab units at Old Saybrook, Conn. Nov. 10 (F) *34
Federal aid for school construction—White House conferees say "yes" Dec. 8 21
Foamed plastic house tied with wires under construction in Houston, Tex. Aug. 11 *101
Foundations for heavy load and precast wall panels of unusual size for new factory building in San Francisco Aug. 18 (F) *41
Full-scale model of insurance home office building at Bloomfield, Conn. saves mistakes and money. Bruce Hayden ....Oct. 20 (F) *50
Hartford, Conn. public library building straddles a highway over a river Aug. 25 (F) *34
Harvard University's steel-frame, concrete-block hockey rink (unit prices) Nov. 24 *142
Homebuilding roundup for 1956 (charts) Nov. 24 *21
Hongkong in midst of "skyscraper" building boom ....Sept. 8 53
Hotel-building boom at Waikiki, Honolulu ....July 14 (F) *98
Housing in a hurry for Puerto Rico Nov. 24 *61
L. A. $20-million office center planned by coast oil firm....July 14 30
Massachusetts College at Bridgewater contract for 2 gyms and swimming pool ....Sept. 29 *214
Massive footings used for Los Angeles building ....July 21 *28
Minneapolis $195-million building plan faces delay ....Aug. 4 40
Motor Banking Service of St. Louis, Mo. solves legal and traffic problem with new facility featuring pneumatic tubes ....Dec. 29 *26
NAHB's Housing Center moves into new headquarters. J. P. Chamberlain Oct. 6 (F) *56
N. Y. C. Socony Mobil Building—largest stainless steel skyscraper frame completed ....July 7 31
Panel wall construction and air conditioning are features of new drug research building at Radnor, Pa. July 28 *25
Precast frames and thin-shell roof makes erection speedy at resort hotel in Caracas ....Nov. 17 *55
Pre-planning and precasting speed workshop erection in Great Britain Oct. 27 *69
Republic Steel to add capacity at 5 plants ....Sept. 15 22
Reusable forms expedite erection of penitentiary in New Mexico Oct. 27 (F) *44
Russian housing experts go back with ideas and model house....Nov. 10 22
St. Malo's famous walled city rises from its ruins (map)....Nov. 24 (F) *54
School conference will discuss building needs ....Nov. 24 29
Shopping center at Roosevelt Field near Mineola, N. Y. can change with tenants ....Oct. 6 (F) *34
Slab lifting for two buildings in Los Angeles accomplished at lower-than-usual cost ....July 14 (F) *42
Steel dome key to low-cost building for high school in Oklahoma City. Jesse Yeakel ....Oct. 13 *34
Steel plant expansion contract of Tata Iron & Steel Co., Jamshedpur, India awarded to Kaiser Engineers (map) Dec. 1 26
Tide Water refinery—crushed ice melts through prepaced aggregate to aid shrinkage control for massive beams Dec. 1 (F) *41
Vancouver's newest skyscraper incorporates latest in electrical devices Sept. 8 *52
Vancouver, B. C. pulp-mill expansion Oct. 6 38

Soil cement bases for bituminous surface roads in good condition after 20 years .....Nov. 24 *24
Soil-cement for pavement widening of old Texas road.....July 7 (F) *33
Specifications—ASTM chalks up progress in specifications .....July 7 26

Stadiums

Berlin Hall's auditorium gets novel roof Aug. 11 *23
Charlotte, N. C. ultra-modern coliseum has dome-shaped aluminum roof Aug. 18 (F) *22
Charlotte, N. C. ultra-modern coliseum has dome-shaped aluminum roof—Too much load for strands. Ernest Nussbaum .....Sept. 15 14
Harvard University built steel-frame concrete-block-wall building around skating rink (unit prices)...Nov. 24 *142
Raleigh, N. C. State Fair Arena—glass-walls pose a problem in acoustics .....Aug. 4 26

Steel

Better design of stacks. W. L. Zeiger Dec. 8 *10
Bookings hit record; but shipments lag far behind.....Sept. 1 103
Casings launched for Baltimore's new Patapsco River vehicular tunnel Dec. 8 *27
Cement, steel shortages bother contractors .....Oct. 13 79
Cost of steel used in construction is going up .....July 14 99
Exposing steel for appearance affects rigid frame design for food store at Bala Cynwyd, Pa. S. C. Barnett Nov. 24 (F) *43
High strength steel reduces weight of cantilever bridge across Carquinez Straits .....Dec. 15 (F) *45
Nickel-free steel—patent application filed .....Nov. 3 88
Shortage delays Ohio's big highway program .....Dec. 29 100
Square steel columns and paper forms for slabs for two L. A. lift-slab jobs July 14 (F) *42
Structural steel shortage will end by mid-1956, AISC head predicts Dec. 1 76
Supersonic wind tunnel a big job of heavy steel plate construction Aug. 18 (F) 34
Support for outdoor theatre screen at Decatur, Ala. .....Oct. 20 *26
Tata Iron & Steel Co., Jamshedepur, India awards Kaiser Engineers contract for steel plant expansion (map) Dec. 1 26
Steinman, David B.—Gift of bridge designer to Newark College of Engineering helps student engineers—A tribute. G. D. Hartley.....Sept. 29 36

Street Traffic

Louisville urged to build four Ohio River bridges and downtown expressway loop as solution to traffic problems .....Sept. 8 24
Montreal plans tunnel through apartment to widen street.....July 28 60
More uniform traffic control...Sept. 8 e96
Motor Banking problem for Mercantile Trust Co. of St. Louis, Mo. solved with pneumatic tubes.....Dec. 29 *26
Parking
Cost and capacity of off-street parking facilities (table)...Sept. 29 (F) 230
North Bergen, N. J. first peripheral parking-area to be combined with bus service to midtown N. Y. C. Nov. 17 *28
Six cities go to work on off-street parking plans .....Oct. 27 25
Stockholm, Sweden, underground air raid shelter doubles as garage. W. G. Bowman.....Sept. 1 (F) *34

Streets

Resurfacing is a science in Minneapolis .....Oct. 13 (F) *36
Resurfacing is a science in Minneapolis—Contract work superior. Lynn Bradner .....Nov. 10 8
Resurfacing is a science in Minneapolis—Socialism on local level. P. J. Sheehy .....Dec. 8 10
Strobel, Peter A.—Resigns public building post .....Nov. 17 27

Subways

Lima, Peru studies plans for metropolitan subway system.....Dec. 1 45
New York City may scrap passenger belt plan .....Sept. 29 77
New York subway will be extended via overwater route to "The Rockaways" Aug. 11 (F) *44
Sweden—Swedes make rock tunnel history. W. G. Bowman.....Sept. 1 (F) *34
Swedes make rock tunnel history—Mining with a fork lift truck. Lew Krumbein .....Nov. 17 12

T

Talley, Brig. Gen. B. J.—Wrong photo used for June 23 story. Guyton Kempter ..... July 28 *13

Taxation

Compromise highway bill set for fast action in Congress..... July 14 21
Conn. legislature raises gas tax and tolls ..... July 7 27
Connecticut's tax-increase to finance flood-recovery program ..... Dec. 15 27
Many states raise highway user levies (table) ..... Aug. 4 25
NSPE asks for equal tax aid to private retirement plans ..... July 14 99
Pennsylvania hikes taxes to repair flood damages ..... Sept. 29 78
Truck-tax troubles—Ohio cancels tax pacts with 16 other states...Nov. 10 78
Western states consider tax collection compact ..... July 14 30
What is diversion of highway taxes? Nov. 3 e112
Towers—Sea boring towers built of steel tubing ..... Oct. 20 *81
Stuttgart, Ger. thin-shelled TV tower rises 702 ft..... Sept. 29 *282

Training

ASCE discusses manpower and ethics Nov. 3 (F) *21
Arizona sets up intern plan for young road engineers ..... July 14 30
Better architects, better building Sept. 22 e64
Better architects, better building—Better architects. L. F. Caproni Oct. 6 6 Stanley James Goldstein...Nov. 3 11
Better architects—better building—Training good draftsmen. J. L. De Lee ..... Nov. 17 12
Broader training for engineers—Training for engineers. Anthony Hoadley ..... July 14 8
Construction business in college Nov. 3 e112
Guidance for students..... Dec. 15 e120
Nuclear training is a challenge too Dec. 22 13
Registered apprentices in construction trades (table) ..... Oct. 20 166
Short course scheduled for pre-stressed stressed concrete ..... July 28 28
Teacher-training course in advanced highway engineering offered by Univ. of Calif. ITTE..... Sept. 8 26
UCLA offers construction management course ..... Sept. 29 74
Tramways see Cables and Cableways

Transportation

Barge trip means cheaper construction for Louisiana storage silos Sept. 15 (F) *36
Delaware Bay ferry plan delayed Dec. 8 32
Helicopters are pack-horses in Tasmania ..... Sept. 1 *54
Lightweight prestressed bridge precast in U. S. then shipped to Alaska Nov. 10 (F) *42
Lightweight prestressed bridge precast in U. S. then shipped to Alaska—Credit to designers, A. M. Jones Dec. 8 12
Monorail—Can the "El" come back? Oct. 13 e100
Monorail link with London Airport being considered ..... Dec. 1 46
Monorail transit test started in Arrowhead Park, Houston, Tex... Sept. 8 32
Moving coal by pipeline—experimentation on hydraulic transport...Aug. 4 38
New York City may scrap passenger belt plan ..... Sept. 29 77
Oregon investigates what happened to the lumber boxcars—requests for shipments hard to fill..... July 14 99
Pre-fab barges are easy to transport Nov. 10 *47
Rail shipments run up price on imported cement ..... Aug. 4 84
Trailer launches bridges..... Nov. 3 *88
Transit problems discussed at AMA meeting ..... Dec. 8 23
Trusses—Five steel Vierendeel trusses carry the structure of Hartford public library over expressway...Aug. 25 (F) *34
Welded pipe trusses span bays of pipe factory ..... Aug. 18 *49

Tunnels

Baltimore Harbor Tunnel, Md.
Canton land section of the Patapsco Tunnel—contract (unit prices) Sept. 29 193
Construction of viaduct section goes to second-low bidder ..... Oct. 27 23
Hurricane Connie damages Patapsco tunnel project ..... Aug. 25 23
Roads commission awards another large contract, proposes a new extension ..... Sept. 1 28
Steel casings launched for Patapsco River vehicular tunnel .... Dec. 8 *27
Canada—
Edmonton city engineers reject contractor's bid, take on tunnel job to save $500,000 ..... Aug. 18 25
Delaware—bid for West Delaware tunnel far below a similar 1949 contract (chart & table) ..... Nov. 3 *92
Delaware water tunnel—price comparison refined (chart) (unit prices) Dec. 22 48
Delaware water tunnel—third stage of system gets going ..... Dec. 22 15
Great Britain
Portished Dock in Sommerset—two steel-lined tunnels to house transformers and generator cables solve problem of overhead obstruction Aug. 11 88
Hampton Roads, Norfolk, Va.
Bids on tunnel facilities called for Oct. 13 29
Bridge-tunnel project big and complex construction job (map) Sept. 15 (F) *30
New vehicular tunnel hit by freighter when hauled out into the stream Aug. 4 *24
High air and long car speed tunneling in North Scotland ..... Nov. 17 *56
Little Falls Dam, Md.—tunnel bids decide dam, pump station contract (unit prices) ..... July 28 *80
Montreal plans tunnel through apartment to widen street for traffic July 28 60
Mt. Ranier National Park highway tunnel—precast rings eliminate shoring for tunnel forms ..... Dec. 22 (F) *30
New York City
Bowery Bay five mile sewer tunnel—"slog-it-through" method tested (map) ..... Nov. 24 (F) *34
Lincoln Tunnel's Third tube crosses N. Y.-N. J. state line..... Oct. 13 29
Lincoln Tunnel third tube—two contracts awarded for electrical equipment ..... Sept. 29 74
Oahe Dam—F. K. Mittry Constructors subs tunnel job to combine..July 28 24
Ontario Hydro cuts and covers tunnel access to St. Lawrence power project July 7 (F) *42
Rio de Janeiro tunnel plans—money holds up construction..... Sept. 29 280
Sweden's Harresle hydro project tunnel driving shatters record for second time ..... Dec. 1 46
Swedes make rock tunnel history. W. C. Bowman ..... Sept. 1 (F) *34
Swedes make rock tunnel history—Mining with a fork lift truck. Lew Krumbein ..... Nov. 17 12
Swedes make rock tunnel history—permission granted to reprint article. O. G. Gimstedt ..... Dec. 22 6
Virginia Tunnel proposal up for traffic survey ..... Oct. 13 25

U

Unit Prices, July 14—96, July 21—161, July 28—80, Aug. 11—154, Aug. 18—94, Aug. 25—76, Sept. 1—102, Sept. 15—67, Sept. 22—48, Sept. 29—157, Oct. 13—76, Oct. 20—154, Oct. 27—99, Nov. 17—94, Nov. 24—142, Dec. 1—72, Dec. 15—96, Dec. 22—48 ..... Dec. 29 98

U. S. Air Force

Academy design controversy—it must have been the heat..... July 21 e188
Air Academy gaining favor in Congress as controversy subsides ..... July 28 22
Air Force Academy—controversy over design forces "new look".... July 21 21

U. S. Army Engineers

Air Force engineers returned to the Army under Defense Dept. decision Dec. 8 25
Plans for hurricane survey laid—Congress appropriates $1 million. Aug. 25 21
Sunny Point loading terminal just completed by the Corps will handle ammunition for the armed forces Dec. 8 (F) *54
U. S. Bureau of Public Roads—Approves of 2,300 mi of highways in 102 urban areas to complete designation of interstate system ..... Oct. 6 23
Urban highway work speeded. Oct. 13 e100
